### Report of the President

I want to take a moment say thank you to the parents who have believed in us this whole school year. This year we had a superintendent retire and a new one installed. The chancellor appointed two members to our council in order to ensure that the council was able to move work forward.

We have participated at Family Fun Days in three boroughs thus far and looking forward to this Saturday's event.

We had the opportunity to meet with Senator Schumer's office on a project that will protect our children when they are out in the community when dealing with police officers and anyone who might be trying to engage our students.

We look forward to continue our work for students and families as well as working in the direction of furthering parent engagement, education and empowerment.

We have as in the past purchased back packs for students in an effort to help families for the coming school year. I thank you for the opportunity to work with and for families.
