Resolution #17 Shared Space at P369K@P67K

WHEREAS, The New York City Department of Education has allowed Community Roots Charter School to exist, facilitate and facilitate and expand without considering the impact on the District 75 program located within public domain at PS369k@P67K , and

WHEREAS, WHEREAS, P369K@P67K is subjected to the demands of Community Roots Charter School to relinquish three (3) classrooms, and denied access to community shared space in public domain P369K (library, lunch room, school yard), and

WHEREAS, children from P369K@P67K are required to travel from the fifth (5th) to the fourth (4th) floor to use restrooms due to the lack of operating bathroom facilities on their floor, and

WHEREAS, Special Education and Public Charter Schools will continue to grow by an average of 20% over the next two years. The New York City Department of Education has failed to provide a footprint to indicate if space will be available for the placement and expansion of Community Roots Charter School. Taking away classroom space allocated to P369K@P67K, whose students are physically and emotionally challenged, will disrupt their program and affect the therapies and related services they receive.

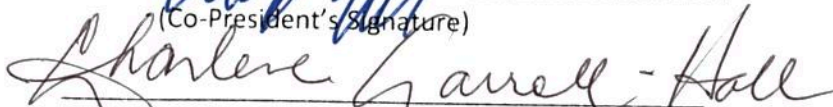

THEREFORE, BE IT RESOLVED THAT, we, the Citywide District 75 Council insist that our children in P369K@P67K be protected from any further expansion and shared community space demands. That the Department of Education instruct Community Roots Charter Schools to cease its expansion plans and discriminatory acts against the children of P369K@P67K by denying them access to community shared space.
